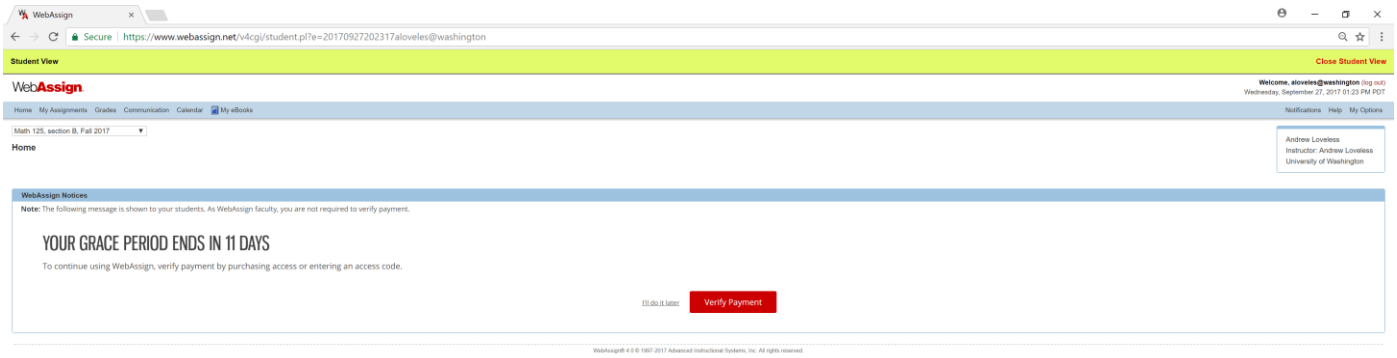
Notes on Purchasing from the Bookstore:

If a student purchases access at the bookstore they are given a slip of paper with a 9-12 digit code (**this is NOT their webassign access code**). On that slip of paper there are instructions on how to retrieve their access code by going to a bookstore website and entering their information from the slip of paper.
After doing so they receive an email with the full prefix and code.

Webassign Access Entry Code Note:

1. After you log-in to the course, you will see the following:



2. Click "I'll do it later" to immediately see the course (under your trial period).
   Before your grace period ends, you must purchase access and get an access code.
   To enter your access code click "Verify Payment".

   This takes you to a new page that has a box for you to enter your access code. When you enter your access code in that box you need to enter **the entire code and the prefix** which will look something like this:

   If you have purchased your textbook from the bookstore, the access code will take the form of a prefix + 16-digit alphanumeric code, such as:

   Freeman-RXL XXXX 9999 XXXX 9999

   Please be sure to enter the code exactly as printed, including dashes and blank spaces.

   Or visit this page for an example/instructions:

   https://www.webassign.com/support/student-support/

   Please be sure to enter exactly how it is printed with spaces included.
   Then click "Redeem" and you should get a message that your code has been accepted.
